City of Duluth Georgia Police Department selects Mobile Communications of Gwinnett as its supplier of Motorola MW810 Rugged Fixed- Mount Mobile Computers

Lawrenceville, GA – 10 September 2009 - Mobile Communications of Gwinnett, Inc., today announced they have been selected as the preferred vendor of Motorola MW810 Mobile Workstations – MW810 Rugged Fixed-Mount Mobile Computers by the City of Duluth, Georgia Police Department.

Motorola's MW810 high-performance computing platform is optimized to deliver seamless mobility at highway speeds. Motorola's three-piece design allows flexible installation options, including choice and location of CPU, display, and backlit keyboards. Durable and reliable so you have access to vital information even in harsh conditions. In the harsh environments of mission-critical vehicles, access to vital information when and where you need it most is crucial. The Motorola MW810 rugged fixed-mount computer provides reliable, mobile wireless connectivity and computing power for mission-critical applications.

"Following several Months of evaluating mobile computers for our Police Department, I'm delighted to report that we have selected Mobile Communications of Gwinnett as our supplier of Motorola MW810 Rugged Mobile Computers." said Lt. Robert Montgomery, City of Duluth, Georgia Police Department.

" We are thrilled to again be working with the City of Duluth, Georgia Police Department in providing the very latest in rugged fixed-mounted mobile computing solutions delivering reliable, mobile wireless connectivity and computing power for mission-critical applications." said Cathy Nichols, President and CEO, Mobile Communications of Gwinnett, Inc.
